

A3 black and white MFPs that are adaptable to your future needs.

MXM3050EU

Office MFPs that keep pace with changing workforce needs.

Everything your team needs, to do more, faster

- Fast output of up to 60 ppm in B/W
- Built in 100-sheet Reversing Single Pass Feeder
- Store documents ready for printout from any compatible networked MFP using Print Release
- Direct print Microsoft® Office files from USB drives*¹
- Convert scanned documents into editable Microsoft® Office files and searchable PDFs via OCR*²
- Convert multiple scanned documents into separate files with Multicrop
- Wide variety of finishing options, including saddle stitching, manual and stapleless stapling
- For large-volume scanned data, a URL can be generated and shared via email*³

High quality results

- Consistently high image quality with Auto Process Control and Developer Refresh System
- PCL 6 (standard-equipped) and optional Adobe® PostScript® 3™

Across-the-board connectivity

- Print from applications that support Google Cloud Print™ and the Android™ printing framework (Sharp Print Service Plugin)*⁴
- Instantly access public cloud services, such as Google Drive™, OneDrive®, Sharepoint®, Microsoft Online, Box and Sharp Cloud Portal Office with Single Sign-On*⁵
- Integrate with network and cloud-based applications using Sharp OSA (Open Systems Architecture)*⁶
- Connect to mobile devices via wireless LAN*⁷ with Sharpdesk Mobile or use NFC*⁸ or QR Code® for easy direct connection

User-focused controls

- Easy to use control panel with customisable homepage for quick access to frequently used functions
- Red and green LEDs notify users of device or job status from a distance
- Lock-on handle ensures paper drawer is closed properly
- Check and edit copies and scans with Advanced Preview

Keep your data secure

- Email documents securely with S/MIME
- Control access with high security logins and user authentication

Energy efficient

- Low TEC value
- Set a usage schedule to switch the MFP on and off
- Get prompts on environmentally friendly settings before printing with Eco Recommendation*⁹
- Quick-heating belt fusing system ensures short warm-up time
- Reduce energy consumption with low-melting-point Mycrostoner-Crystal

*¹ Requires optional MX-PU10. This function is enabled via DirectOffice™ technology.

*² Requires optional MX-EB20. *³ Requires optional MX-HD16. *⁴ Requires optional MX-PK13.
